NEGRO OCCUPIES IMPORTANT POST IN NAVY 26 YEARS

Washington, D. C.—(A N P)—A period of twenty-six years of service with one of the most important committees in the house of representatives is the splendid record which Frank A. Byron, clerk of the house naval committee has achieved. On December 10, Mr. Byron completed his 26th annual term of office, which carries with it the distinction of being the only office of that rank and character occupied by a member of the race. 12-31-27

He began service with the committee in 1901 during the 56th congress when Representative George Edmund Foss of Illinois was the chairman.

The succeeding chairmen of this committee were Representatives L. P. Padgett of Tennessee and Thomas S. Butler of Pennsylvania, now serving. Mr. Byron became assistant clerk under Chairman Butler in the 66th congress and was promoted to the committee chairmanship in the 67th congress. Mr. Byron, during his career with the committee, has made himself indispensable to its members, and is of the greatest possible value to members of the naval service and others who have occasion to transact business with the committee.

He is a Chicagoan by birth and residence, being one of the Byron brothers famed throughout the country as a musical organization, is a member of the Appomattox Club, and one of the best known men of the Windy City.

Serves 26 Years In Naval Post
